

★★ PLANET AERAH TOPICS LIST ★ THE BONNIOL TEXTS ★★

What follows is a list of the topics that have arisen during question-and-answer exchanges with our extragalactic visitor friend 'Bonniol', for the period 4th October 2004 to 26th November 2007. Each evening session has been given a number and transcript date, beginning at No 1 when Bonniol first came to us, taking everyone completely by surprise. We now know just a little of the process of 'mind projection' and how this wonderful, ongoing project has been so carefully planned by those in spirit, with guidance from Salumet. It has been essentially question, answer and debate, but we have also at times played examples of Earth music to Bonniol, for reasons such as: brief interlude, interest or debate initiation. These items have been entered here simply as **M 1, 2, 3** etc.....
